- Voltage / Frequency: *19- 64 V / 50Hz*
- Backup Presets & Timer Events: *1yr*
- Backup Clock & Calendar: *7hrs*
- Power Cons. in Play / Std-By / Low Power Std-By: *18W / 6W / <4W*
- Remote Control: *RT188*
- Equipment Supplied: *Antenna cable, Mains cord, Batteries*
- Set Size – W x D x H (mm): *435 x 290 x 93*
- Packaging – W x D x H (mm): *553 x 384 x 180*
- Weight including / excluding package in kg: *6.5 / 4.3*

Product Highlights

• NexTView Link
Let your TV be the master! With NexTView Link, the VCR will be installed automatically. You can even programme the VCR Timer via the TV.

• Crystal Clear Video
With this unique feature, our engineers have put all their knowledge on the drawing board. The result?
- *New laser cut video heads: You have the ultimate in heads technology and an extended life duration.*
- *Digital Studio Tracking System: Now the head always stays on its track!*
- *Natural Colours: Thanks to a sophisticated Noise-Reduction circuit, the colours look brighter and are virtually noise free.*
- *Digital Studio Picture Control: This system measures the magnetic characteristics of the tape and activates the digital circuitry accordingly. The resolution is improved and the signal to noise ratio is optimised regardless of the tape quality.*

• Automatic Time & Date Download
At the first installation, your VCR will automatically download the date and time. Your VCR will be the clock reference in your home, as the time is readjusted every day. You don't even have to worry anymore about changing from summer to winter time!

• Follow TV
You can now automatically arrange your VCR channels in the same order as your TV.

• Direct Record
Record instantly what you see on your TV just by pressing one button. You don't have to worry anymore about selecting the right channel on your VCR.

• Auto Seek
Your VCR will automatically search for the best frequency to tune the modulator to. This guarantees the best possible picture on your TV set.

• Automatic Head Cleaning
Clean heads ensure an optimum picture quality. Each time you put a tape in your VCR, the heads will automatically be cleaned.
